The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE.

The celebrated Lexicographer JOHNSON says: "He that undertakes to compile a Dictionary, undertakes that, which, if it comprehends the full extent of his design, he knows himself unable to perform. Yet his labors, though deficient, may be useful; and with the hope of this inferior praise he must incite his activity, and solace his weariness."

A true saying! *PROBATUM EST!* If anybody experienced the truth of it, I did.

What Johnson says here, is true even in regard to Dictionaries of *civilized* languages; but by far more so in regard to a Dictionary of an *Indian* language.

This is, to the best of my knowledge, the first Dictionary of the Otchipwe language ever published. The compilation of it has cost me several years of assiduous labor; and still I must acknowledge that it is yet very defective and imperfect. I consider it as next to impossible to make such a work perfect at once, in the first edition.

In order to understand this Dictionary and make a practical use of it, the *OTCHIPWE GRAMMAR* ought to be first studied, especially the *Formation of Substantives* and the *Formation of Verbs*; because you will find in this Dictionary only some of the *formed* substantives and verbs, as examples after which you may form others yourself, according to the Rules explained in the Grammar.

The pronunciation of the Indian words in this Dictionary is the same as explained in the First Part of the Otchipwe Grammar. Here is a short extract of those explanations,

* *a* is pronounced long or short like *a* in *father*,
and or *hand*.

e " " like *e* in *net*.

i " " like *i* in *live*.

o " " like *o* in *bone*.

g " " like *g* in *get*.

j has the French sound, as in *jour*, *joli*, etc.

The other consonants have the English sound.

NECESSARY REMARKS FOR THE PROPER USE OF THIS DICTIONARY.

1. The verbs in this Dictionary are given in the first person singular present, (as in Greek Dictionaries,) because there is properly no *infinite mood* in Otchipwe.
2. In the significations of *active verbs animate*, ordinarily the *masculine* gender only is expressed, and the *feminine* is understood. As: *Nin wabama*, I see him.—It means also, I see her; but this is understood.
3. Verbs ending in *enlan*, *endamawa*, *endagos*, etc.; may also end in *enindan*, *enindamwa*, *enindagos*, etc., which is not always expressed in this Dictionary. F. i. *Nin jawendagos*, or, *nin jawenindagos*, I am happy. *Nokendagwad*, or, *nokenindagwad*, it is soft.
4. The unipersonal verbs ending in a vowel, have ordinarily two terminations, but the same signification in both of them. They end in a vowel, *a*, *e*, *i*, *o*, or they add the termination, *magad*. F. i. *Sogipo*, or *sogipomagad*, it snows. *Kissina*, or *kissinamagad*, it is cold.—In this Dictionary you will find the second termination expressed by a dash and *magad*; as: *Sogipo*, or *-magad*, which means, or *sogipomagad*. And in the participle you will find a dash and *magak*; as: *Swagipog*, or *-magak*, which means, or *swagipomagak*.
5. The *imperative mood* is not always expressed, because it can be easily constructed according to the Paradigms of the Conjugations in the Grammar. But where the imperative is difficult or irregular, it is ordinarily expressed in this Dictionary.
6. Many verbs that are passive in their signification, are neuter in their formation and conjugation, and therefore marked down as neuter verbs. F. i. *Nind inendagos*, I am destined. *Nin nondagos*, I am heard, etc.
7. To indicate the plural of substantives, only the letter or let-

* In some places in the Dictionary, the letter *a*, when long, is marked with the circumflex accent.

- ters are expressed that are added to the singular in order to form the plural; and the dash before these letters represents the substantive. As: *Tchiss*, turnip; pl-*au*; which means, *tchissan*. *hini*, man; pl-*wag*, that is, *iniwag*.*
8. There are some consonants which the Indians don't pronounce distinctly and uniformly. They very often confound the letters *B* and *P*, *D* and *T*, *G* and *K*. It is often impossible to ascertain, by the pronunciation of an Indian, whether the word begins with a *B* or *P*, with a *D* or *T*, with a *G* or *K*. For this reason please mind the short Note you will find at the beginning of each of these letters in this Dictionary. See likewise the Note at the beginning of the letters *O* and *W*.
 9. In regard to the *Second Part*, I have to remark that whatever relates to a *substantive*, is to be found under that substantive. As: I have large feet, I have small feet, I have cold feet, etc. Look for all that under the substantive "Foot."
 10. Mind the same in regard to *verbs*. The adjectives relating to a verb and modifying it, are to be found under that verb. As: I look angry; I look strange, etc. This all occurs under the verb "Look."
 11. Sometimes the verb act. an. is followed by the termination of the inan. F. i. *Sagia (nind) ton*, that is: *nind sagilton*.

EXPLANATION OF THE ABBREVIATIONS USED IN THIS DICTIONARY.

* In Manitoba the Otchipwe Indians or Sauteux pronounce more *wok* than *wag*, for verbs as well for substantives.

Sometimes, when necessary to indicate the third person sing. pres. of active verbs *animate*, the beginning of the verb is given, and then the termination, which is *n*; as: *Nin wabama*; 3 p. *o wabn*; which means, *o wabamân*.

To show the third person sing. pres. of active verbs *inanimate*, when it is not regular the beginning of the verb is marked, and three periods; v. g.: *Nin wabandân*; 3 p. *o wab...*; which means, *o wabandân*.

To indicate the *participle*, ordinarily, when it appears to be useful for the beginner, the beginning and the end of it is marked down; as: *Mashkawadin*; p. *mesh...ing*; which means, *meshkawading*.

N. B.—To save time and expenses we have thought not always to repeat the third persons neither the participle, because we suppose that persons using this Dictionary have some previous knowledge of the Grammar.

A

A

A—This first letter of the Alphabet has principally two sounds, that is one long and the other short. We know when this first letter or the syllable with A, in the beginning of a word, is long or short, according to the way the change is formed; v.g. *Nind abawa*; here the first letter A is long, because at the participle, you have to say: *aya-bawad*—*Nind agona*; here on the contrary the first A is short, because you say for the participle: *egonad*; see the rule of the Grammar.

A—This letter is sometimes inserted in verbs which signify repetition or changing of place; as: *Bapa-aija*, he goes from one place to another; instead of *baba-ija*.—*Anotch ainapinewag*, they have different and frequent diseases; instead of *anotch inapinewag*. *Anotch ainassin nabikwan*; *enendang sa wedaked od aini-kwean*; the vessel goes in different directions; wherever the steersman pleases he steers it.—When the verb to which *a* is prefixed, begins with an *a*, the letter *i* is inserted between the two *a*; as;
